01

Who We Are

Mission

Partner with governments across globe to create
Value for public resources!

We at PFM Solutions help government fulfil their development goals by building capacity in public financial management , governance , and all aspects that lead to institutional strengthening.

We bring an agile and resourceful approach to complex development issues. We work across the world to support economic development and progress of our clientcountries.

PFM Solutions Pvt. Ltd is an experienced group of professionals with diverse background and multifarious areas of interest and expertise, brought together to deliver sound PFM advisory services. Our team facilitates government and development partners in identifying areas for improvement and help them achieve goals of performance improvement & effective public service delivery through sound diagnosis of organizational flaws, business process reengineering, improvement in legal & regulatory framework, capacity development of Human resource, employment of ICT tools and increasing employees' output.

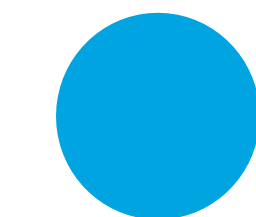

We have the privilege to have adequate experience of both strategic decision making and operational delivery. Our team has not just promoted change but themselves been agents of change in various places.
